Dear Patient,

As you may know, our second year residents will be completing their Family Medicine training at the end of June 2019. We would like to ensure that the continuing care needs of you and your family are met after this date by providing you with a new physician who will take over your care. This individual's name is listed below. He or she will have full access to your chart and will, if necessary, have received specific instructions from your doctor concerning issues in your health that require ongoing attention.

If you have any questions or concerns about the transfer of your care to your new physician, please feel free to speak with your physician, nurse or the secretary.
