Title :- **PROVIDING ACCESS FOR PEOPLE WITH DISABILITIES**

Mount Sinai Hospital is committed to fostering a healthy and positive environment, which recognizes and respects the personal worth, dignity and diversity of each member of the Hospital Community.

B. Purpose

1. This comprehensive policy has been prepared to ensure that all members of the Hospital Community are aware of their rights and responsibilities to benefit all patients, visitors, employees, associates and volunteers by achieving accessibility for people with disabilities. This will be done by developing, implementing and enforcing accessibility standards concerning goods, services, accommodation, facilities, buildings and employment.
2. Consistent with the aims and objectives of the Accessibility for Ontarians Disability Act, the Canadian Charter of Rights and Freedoms, the *Ontario Human Rights Code*, and consistent with its mission and values, Mount Sinai Hospital will strive to provide an accessible physical and social environment for people with disabilities.
3. The policy is designed to bring about systemic and organizational change that will meet our objectives under the *Accessibility for Ontarians with Disabilities Act and the Ontario Human Rights Code*. This policy is also designed to foster the conditions that create a healthy, respectful and positive hospital and work environment. Specifically, this policy is designed to accomplish the following outcomes:
 - Foster a positive hospital environment through proactive measures, barrier free systems analysis and enforcement;
 - Ensure that all members of the hospital community are treated equitably and with dignity and respect;
 - Address breaches of this policy and settle disputes quickly, fairly and as close to the source as possible;
 - Ensure that all members of the hospital community are aware of their rights and responsibilities under this policy
 - Provide proactive education, organizational training and development at the Hospital is aimed at providing an environment that is accessible.

caused by bodily injury, birth defect or illness and, without limiting the generality of the forgoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device,

- b) a condition of mental impairment or a developmental disability.
- c) A learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language
- d) A mental disorder, or
- e) An injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997." (reference AODA, 2005)

The definition includes disabilities of different severity, visible as well as non-visible disabilities, and disabilities the effects of which may come and go.

Example: A person with arthritis has a disability that over time may increase in severity.

Example: A person with a brain injury has a disability that is not visible.

Example: A person with multiple sclerosis has a disability that causes her to experience periods when the condition does not have an effect on her daily routine and other periods when it does. It is important to understand that information about a disability is personal and private and must be treated confidentially.

Assistive Devices:

Devices used to assist persons with disabilities in carrying out activities or in accessing the services of persons or organizations covered by this standard. Assistive devices include, but are not limited to, wheelchairs, reading machines, recording machines, hearing devices and devices for grasping; (AODA, 2005).

Service Animals:

Service Animal - an animal for a person with a disability, if

- (a) if it is readily apparent that the animal is used by the person for reasons relating to his or her disability; or
- (b) if the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.

The customer service standard's provisions include animals used by people with autism, mental health disabilities, those with physical or dexterity disabilities as well as others.
