

COVID 19 GUIDANCE FOR CHILDREN

We recommend the following resources:

1. To help you decide if your child should stay at home or get a COVID test if they develop symptoms:
<https://www.toronto.ca/wp-content/uploads/2020/08/94e5-Survey-poster-Schools.pdf>
2. Many schools are asking for doctors notes for children to return to school which is typically unnecessary. Alternatively, we would recommend that parents use this self-attestation form on the Toronto Public Health Website as a more efficient way to determine & document when a child is ready to return to school.
