

When you arrive in the Emergency Department...

SEE THE TRIAGE NURSE

The nurse will determine how quickly and in which area of the department your care will be given.

1

WAIT TO BE TREATED

Your wait time will be based on the severity of your emergency. Patients requiring the most urgent care will be treated first.

3

QUESTIONS AFTER YOU LEAVE?

Call the Emergency Department at 416-586-5054 and identify yourself as a recent patient with questions about your care.

5

2

REGISTER

Provide your personal, family doctor and emergency contact information, OHIP or other health insurance plan information.

4

TREATMENT

You will receive treatment by a clinician who will decide if you need to be admitted to the hospital.
