www.mountsinai.on.ca/education/staff-professionals/cme/

Course Objectives

- To review the international national incidence, recurrence risk, associated risks for and impact of spontaneous preterm birth (SPTB)
- To understand the spectrum of SPTB: preterm labour, preterm premature ruptured membranes and cervical insufficiency.
- To set the stage for understanding the evaluation and management of a patient with a history of STB or a patient identified to be at increased risk of STB in the index pregnancy.

Accreditation

- Application for accreditation has been submitted with the Royal College of Physicians and Surgeons for this program to be an accredited group learning activity under Section 1 of the Framework of CPD options for the Maintenance of Certification Program.
- This program has been submitted for accreditation with the College of Family Physicians of Canada.
- For nurses, this course will fulfill the requirement for reflective practice.
