
Creating an Enabling Environment

Simulation Workshop/Immersive Learning – Equipment & Resources

Equipment

- Presentation room large enough to accommodate all participants for the group discussion
- Meeting/debrief room for the SPs (they prefer not to mingle with the participants until after the scenario rotations have been completed)
- Chairs (1 per participant, facilitator and SP)
- Box of pens
- Name tags
- Masking tape
- Catering (optional)

SP Scenario Resources & Equipment

- 2 exam/hospital ward type rooms with a bed and chair for scenarios
- 2 small meeting rooms with a large table and chairs for scenarios
- 1 standard hospital transport type wheelchair
- 1 motorized scooter
- 1 adult sized walker
- 3 telephones (no phone line is necessary)
- 2 laptop computers (internet access is necessary)
- 2 hospital gowns
- 1 adult sized diaper
- 2 sets of scenario stems
