Course Objectives

To address common health issues related to women's health and to equip health care providers with the most up-to-date knowledge related to gynaecological issues. To provide an interactive learning experience and offer practical ideas and solutions that will enhance and improve quality of care and patient satisfaction. To provide discussion and learning around current controversial topics in the area of gynaecology.

Accreditation

- This event has been submitted for accreditation as an accredited group learning activity under Section 1 of the Framework of CPD options for the Maintenance of Certification Program of the **Royal College of Physicians and Surgeons of Canada**
- This event has been submitted for accreditation with the **College of Family Physicians of Canada** for **MAINPRO®-M1 credits**.
- For nurses, this course will fulfill the requirement for reflective practice.
